

Freight Technology Day - Tuesday 8th September

How to achieve a 20% improvement in productivity...

Overview

Technology promises to deliver better safety, environmental and productivity outcomes, but how do you capture that promise, and at what cost?

Technology experts will enter the technology "circus-ring" of revolving panels where you can get close to the action and ask pertinent questions. Very "hands-on" & interactive – the only way to test the technology messages!

A panel of Chief Executives from the Road Authorities will also offer their views on the links between the technology, regulation, safety and environmental agendas.

The questions of the day are: can we achieve a 20% improvement in productivity, safety and environmental outcomes in the next 5 years? Can technology help us to achieve this?

The Minister for Industry and Trade and Industrial Relations, Martin Pakula, will challenge us to innovate, while the technology experts and you will get down to business!

Who should attend

CEOs, senior management, IT managers, operations & fleet managers, manufacturers, supply chain & logistics managers, purchasing managers, warehousing managers, compliance managers, OH&S managers, equipment providers, technology vendors, consultants and regulators.

Program Highlights

8.30am – 12.30pm

Innovate or Die: A continual quest for improvement – Why Australians have been good at innovation and why the freight sector needs to continue that momentum. **Hon. Martin Pakula, MLC, Minister for Industry and Trade and Industrial Relations**

- o Can we use technology to achieve a 20% improvement?

Peter Bentley, COO, Connect East

Revolving Panel Sessions:

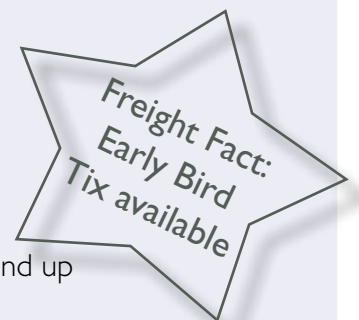

- o Navigation systems and asset tracking
- o Monitoring mass, engine performance and environmental reporting
- o Fatigue management and electronic work diaries
- o High Productivity Freight Vehicles (HPFVs) and PBS – designing from the ground up
- o Safety systems – braking, stability, lane assist and collision avoidance
- o Access all areas – using technology to open up the last mile

1.30pm – 4.45pm:

- o **Road Authority Chief Executives Panel** – What's driving their productivity, safety & environmental agendas?
- o Revolving Panel Sessions – continue
- o **Predictions, Wishes and Reality** – Panel of experts and industry wrap up day
